

Glass Order Form

42" STANDARD RAIL GLASS ORDER - 6mm Tempered Clear • 35 3/8" Height

HOW TO MEASURE

1. Measure POST-TO-POST (inside tight measurement in inches)
2. Write down your measurement – we'll calculate the glass size for you
3. Tag each piece by LOCATION (e.g., "L1", "F2", "R3") for easy installation

PRO TIPS

1. Remove the blue plastic insert before building the railing.
2. Once the frame is constructed, install the black plastic/rubber glass channel in place of the insert.
3. Confirm you have glass blocks on hand before your glass arrives.
